

Results Area: Vital Living for All of Our Residents

Montgomery County is a community that celebrates its diversity. The County will benefit from leveraging its resident population resources. Close and active collaboration with diverse residents will result in policies, infrastructure, and services that address the changing demographics in the overall population growth and the specific growth in the seniors, immigrants, youth, and persons with disability. The Leggett Administration is committed to valuing individual ability and diversity.

Statement on Vital Living for All of Our Residents from the Leggett Transition Team Report (December 2006)

Viewing the previously identified indicators through the lenses of demographic variables will ensure that all residents are able to maintain a high quality of life. The demographic profile slides provide a snapshot into our community. As we monitor Montgomery County's indicators, it will be important to ensure all residents are sharing equally in each indicator's performance.
